

Population Statistics

As a rare breed, our population numbers are of particular interest to us. On this page you will find some data that pertains to our numbers

Estimates of Births per Year:

Registration numbers as per AKC individual registrations

Estimates from registration (Est#-Reg): based on breeders' estimate that 80% of each litter gets individually registered.

Estimates from number of litters (Est#-Lit): based on AKC records of number of litters, using an average of 6.9 pups per litter (from H&G records of litters).

Year	AKC Reg	AKC Litters
1989	98	17
1990	94	13
1991	128	17
1992	130	19
1993	135	24
1994	97	12
1995	131	23
1996	140	20
1997	128	21
1998	115	22
1999	133	33
2000	159	23
2001	126	25
2002	133	21
2003	144	29
2004	127	26
2005	127	22
2006	113	24
2007	147	17
2008	144	21
2009	91	12
2010	99	19
2011	96	20
